

REMARKS

Claims 39-51, 65, and 67-77, as amended, appear in this application for the Examiner's review and consideration. Applicants respond to the Office's request for clarification, as it appears there was confusion as to the amended claims.

In the prior response filed June 30, 2008, applicants used the status qualifiers as explained in 37 C.F.R. § 1.121. Thus, claims that were amended were labeled "currently amended" as required. These amended claims also included the required strikethrough and underline easily identifying them as amended. The other claims were labeled "original," "cancelled," "previously amended" or "previously presented" indicating there were not currently amended. Nevertheless, applicants resubmit the claims with the status indicators to avoid any confusion by the Office.

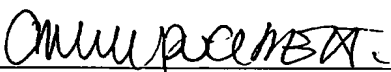

All arguments presented in the amended of June 30, 2008 are hereby incorporated by reference.

Accordingly, it is believed that claims 39-51, 65, and 67-77 are now in condition for allowance, early notice of which would be appreciated.

If any outstanding issues remain, the examiner is invited to telephone the undersigned at the telephone number indicated below to discuss the same. No fee is believed to be due for the submission of this response. Should any fees be required, please charge such fees to Kenyon & Kenyon, LLP Deposit Account No. 10-0600.

Respectfully submitted,

Dated: October 29, 2008
